**ATTACH PLANS and SPECIFICATIONS** – Include height, width, depth, types of materials, color, location, relation to property line/fencing/neighbor, and other important information pertinent to the request. (Provide contractor’s name and phone #, if work is to be out-sourced.)  
*Approval is based on conformance with the Current Set of Restrictions for your home/property, as well as aesthetic concerns. No representation is made of approval of structural integrity. Drainage issues and existing slopes are crucial elements of exterior changes and should be strongly considered in the installation of any materials.*

**I understand** the approval of the Architectural Control Committee must be obtained before I can proceed with my project. Approval by the ACC does not constitute approval by any local agency. If required, I must obtain permits, licenses, pay fees or obtain other professional opinions and/or certifications. **I agree** to complete all improvements as they are submitted in a prompt and good workmanlike manner. **I understand** that I must **resubmit** my request if modifications to these plans become necessary. *Any non-compliance to approved plans and specifications may result in modification, demolition, and repair at the owner’s expense.*
